

# I Key Territorial Challenges of Europe in the World of the 21th Century

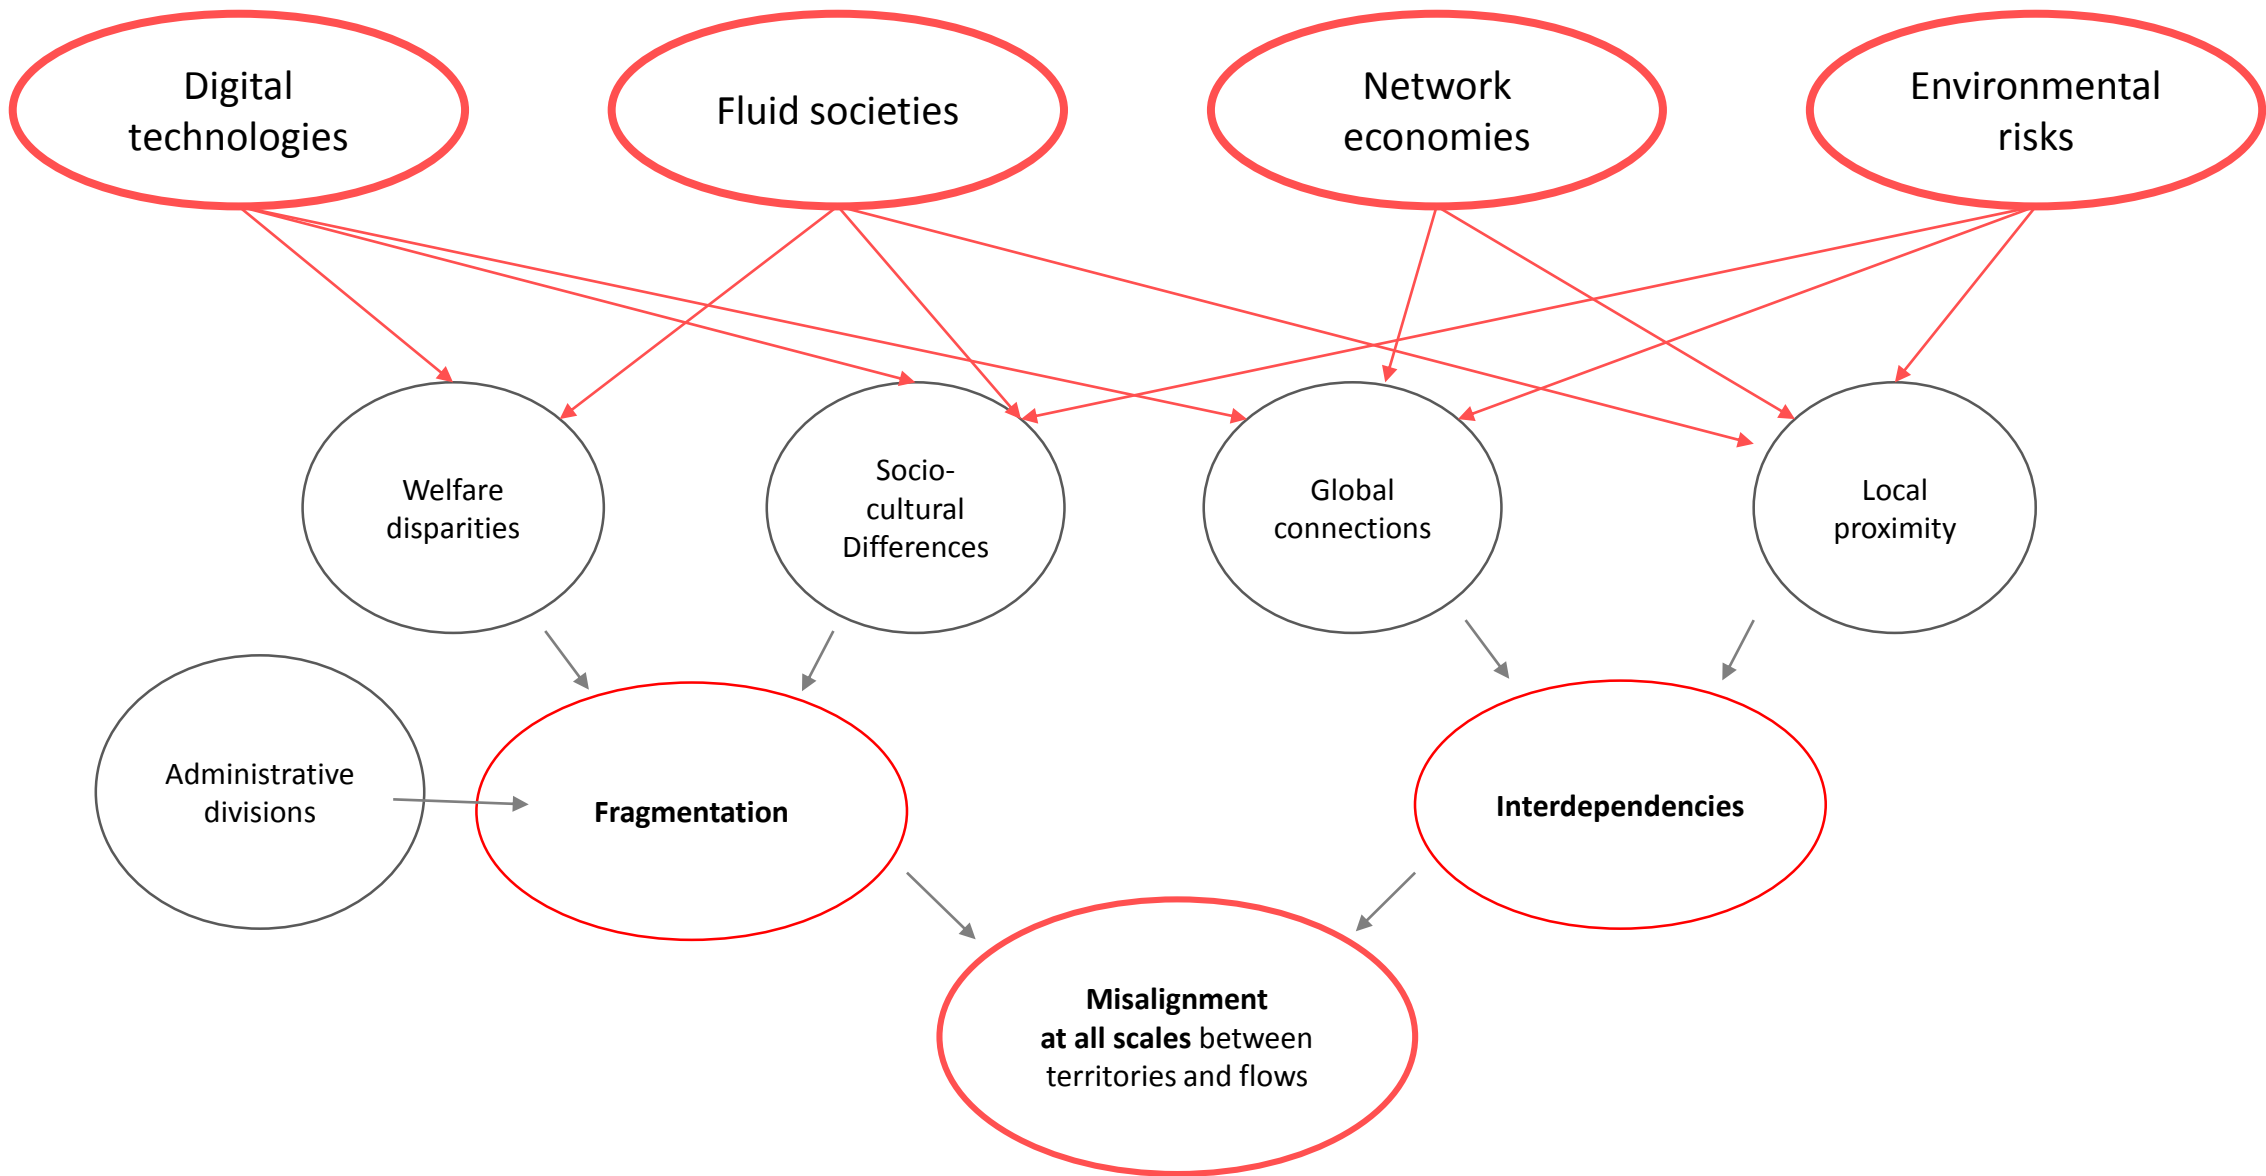

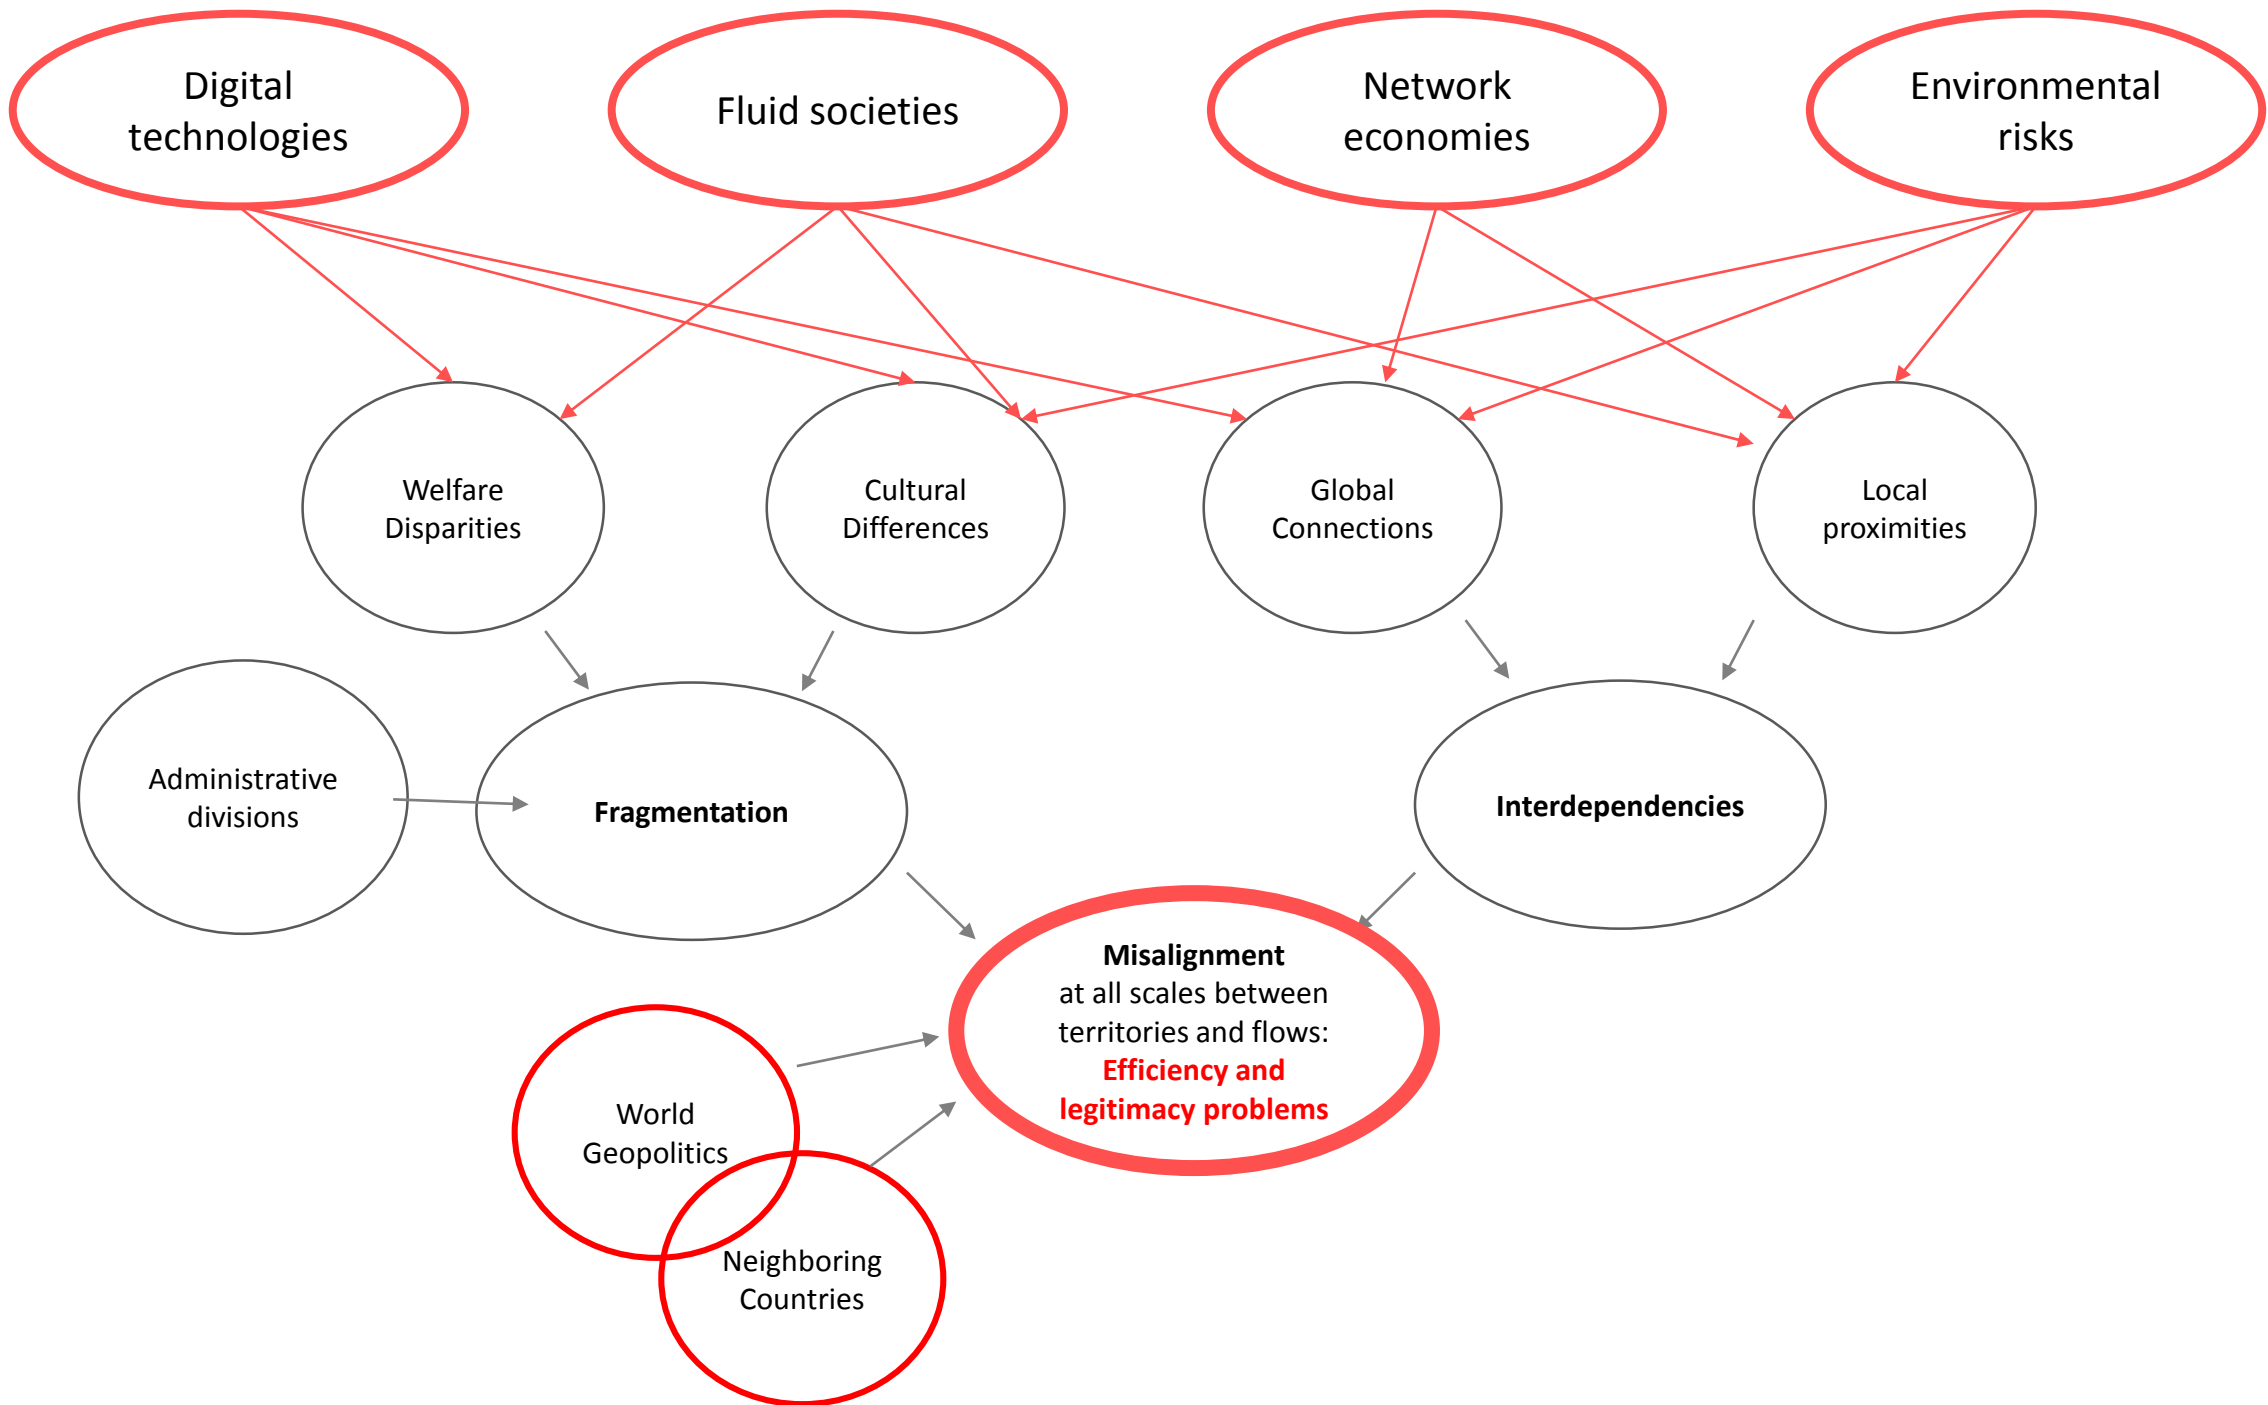

# I Key Territorial Challenges of Europe in the World of the 21th Century

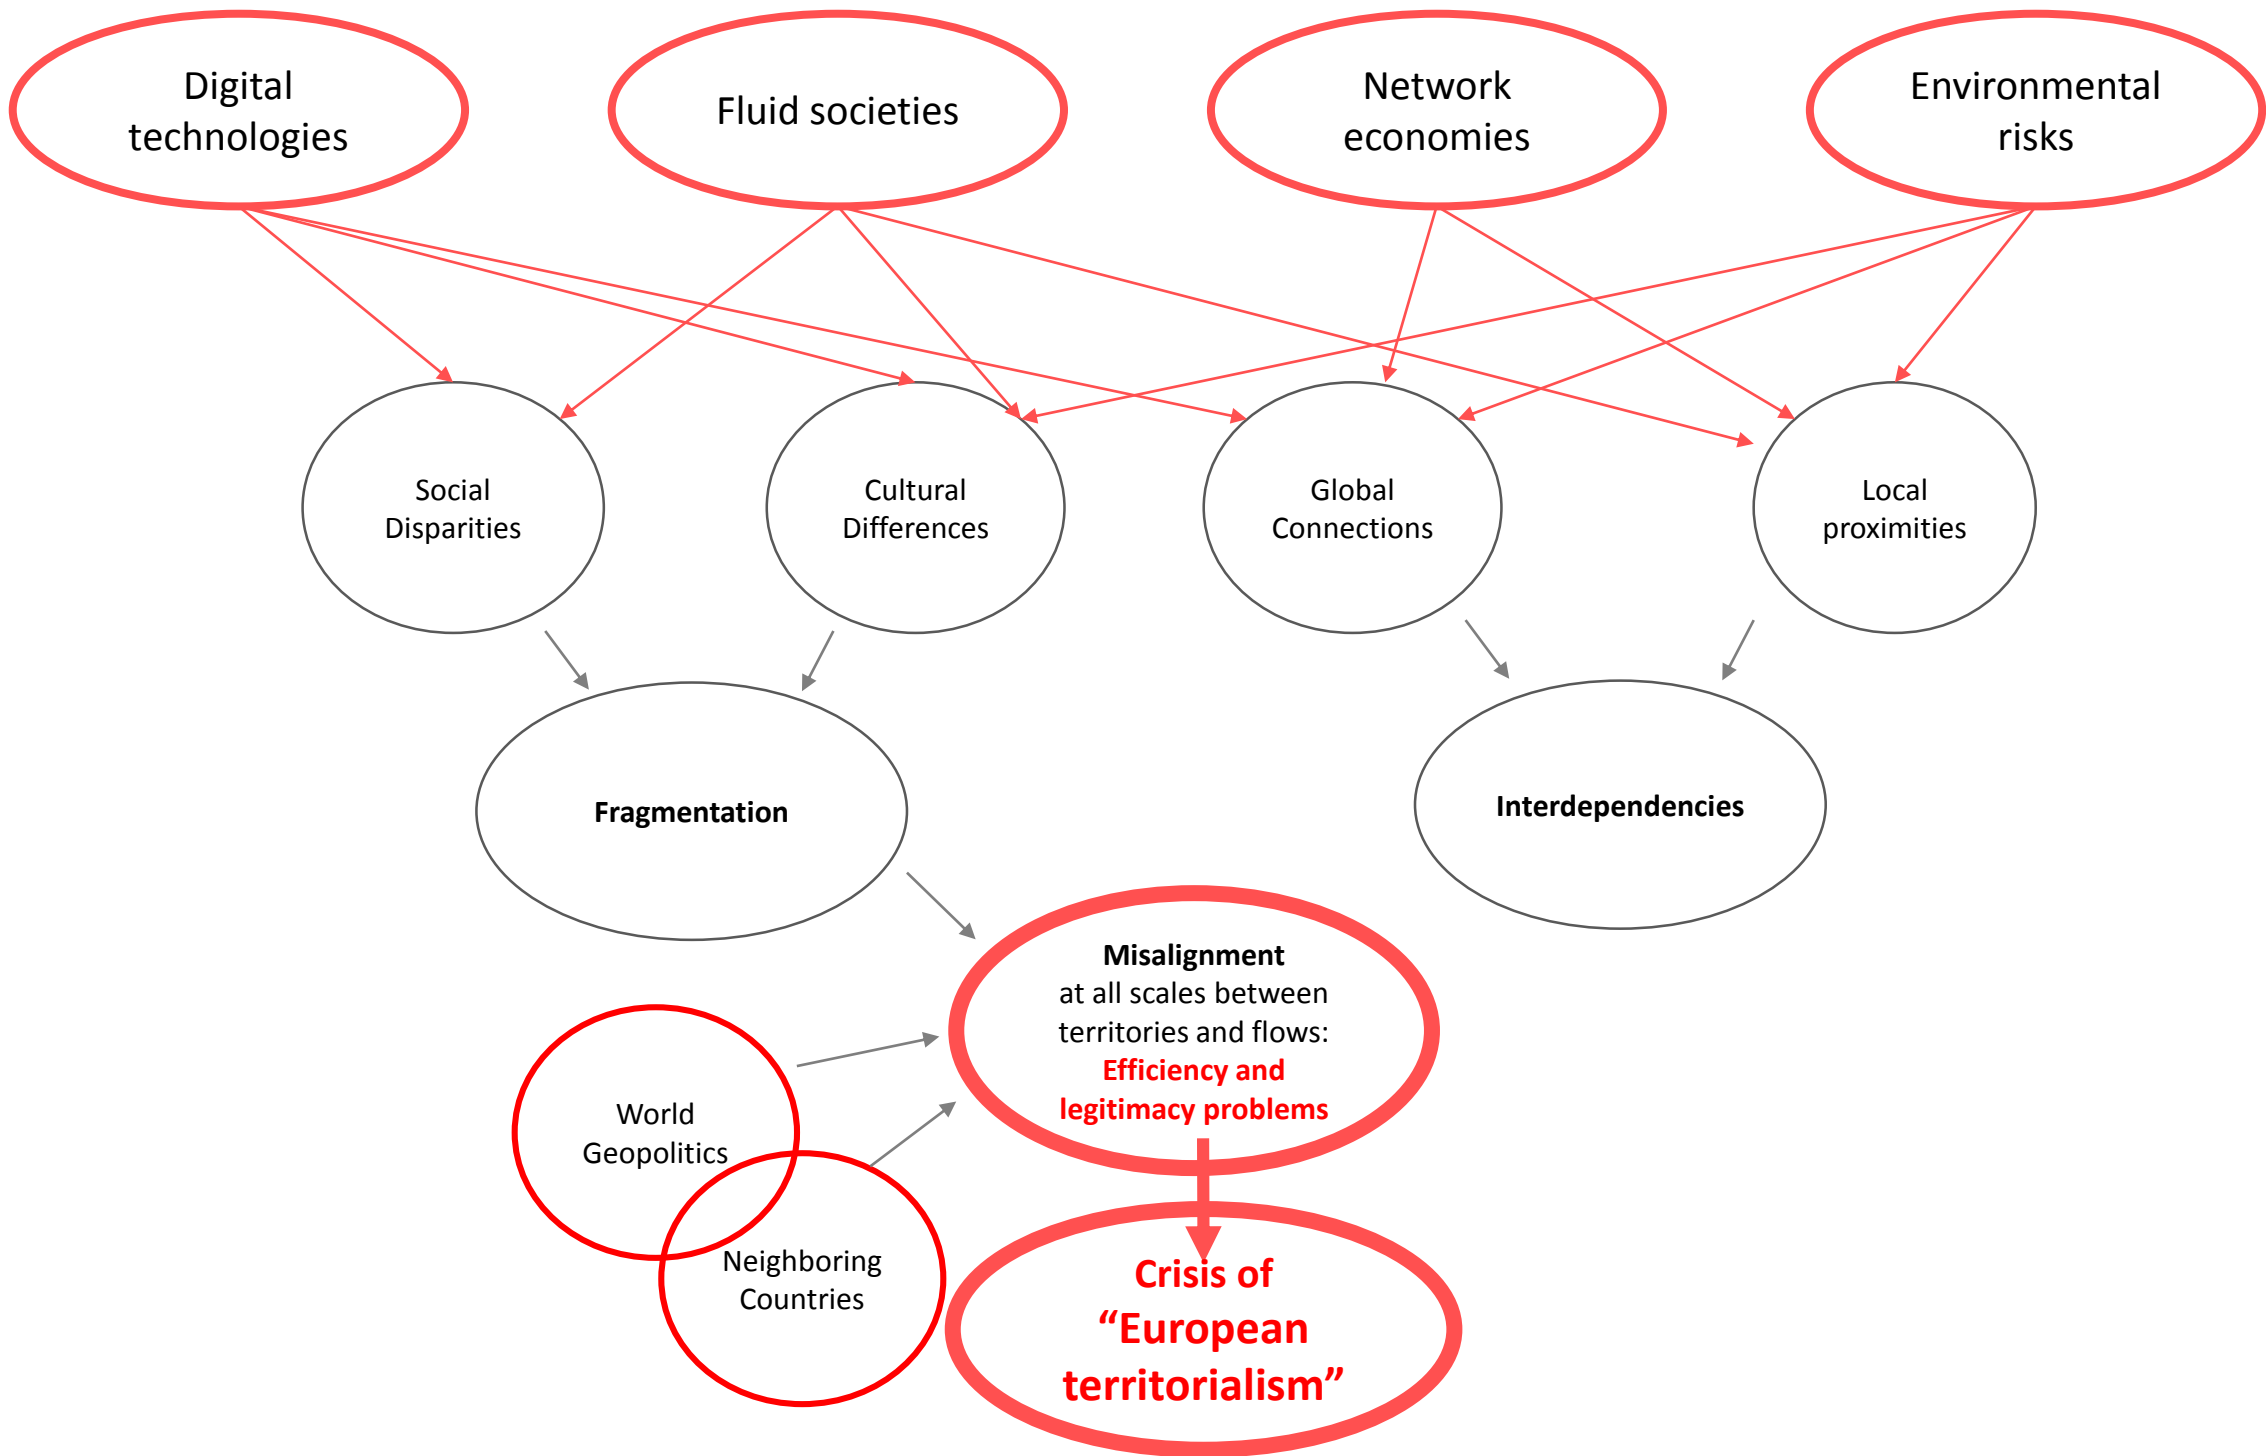

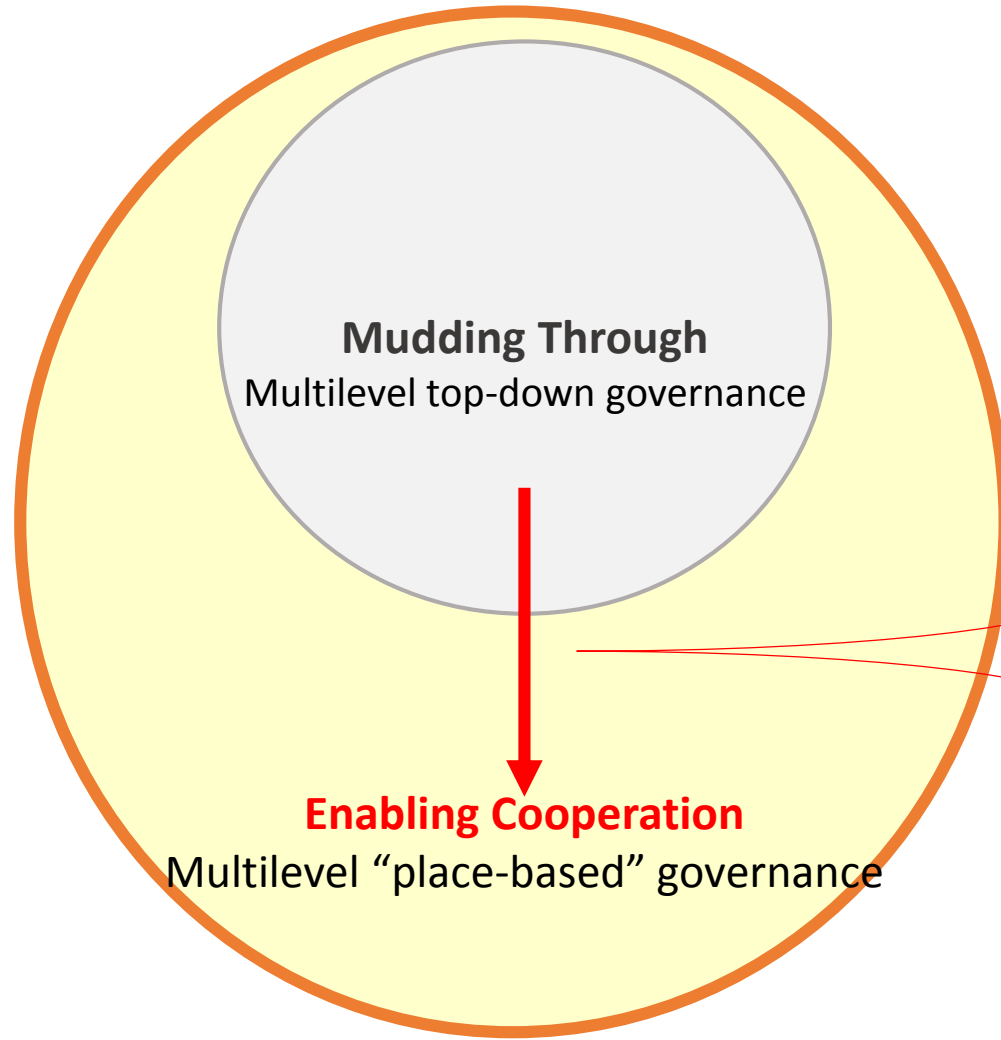

# II Trends: Living in “Pervasive Uncertainty”

- Framework for “place-based” cooperation
- Framework for territorial “bottom-up” visions

**Policy-Strategies in the “Pervasive Uncertainty” 2030 Scenario to overcome “territorialism”**

## Agenda Stad

Next to the EU Urban Agenda, a national Urban Agenda is being developed in the Netherlands. The Dutch national government is developing “city deals” on different urban issues with cities. **City Deals with cities and other stakeholders, as part of the Dutch Urban Agenda.**

Le **contrat de plan Etat-Région** est un document par lequel l'Etat et une Région s'engagent sur la programmation et le financement pluriannuels de projets important

Ympäristöministeriö  
Miljöministeriet  
Ministry of the Environment

**Letters of intent:** The state concludes agreements concerning land use, housing and transport (MAL) with the main city regions of Finland. These **agreements enhance cooperation among the municipalities in the respective city regions and between the municipalities and the state** in the steering of community infrastructure and coordination of land use, housing and transport.

## Légende / Legend

### Production d'énergie / Energy production

Centrales électriques et centrales de cogénération (capacité cumulée) / Power plants and CHP plants (total power)

Mine de lignite à ciel ouvert (existante / envisagée) / Open pit lignite mine (existing / planned)

Complexe énergétique Gubin-Brody (envisagé) / Gubin-Brody energy complex (planned)

Centrale de pompage > 75 MW (existante / envisagée) / Pumped-storage hydroelectricity plant > 75 MW (existing / planned)

Zones propices au développement des parcs éoliens en mer / Offshore wind farm development areas

### Réseaux de transport de l'électricité / Transmission networks

Principales lignes d'électricité ≥ 380 kV (existantes / envisagées) / Major power lines ≥ 380 kV (existing / planned)

Développement des interconnexions énergétiques transfrontalières (RTE-E) / Expansion of cross-border power grids (RTE-E)

Raccordement des parcs éoliens en mer / Connection of offshore wind farms

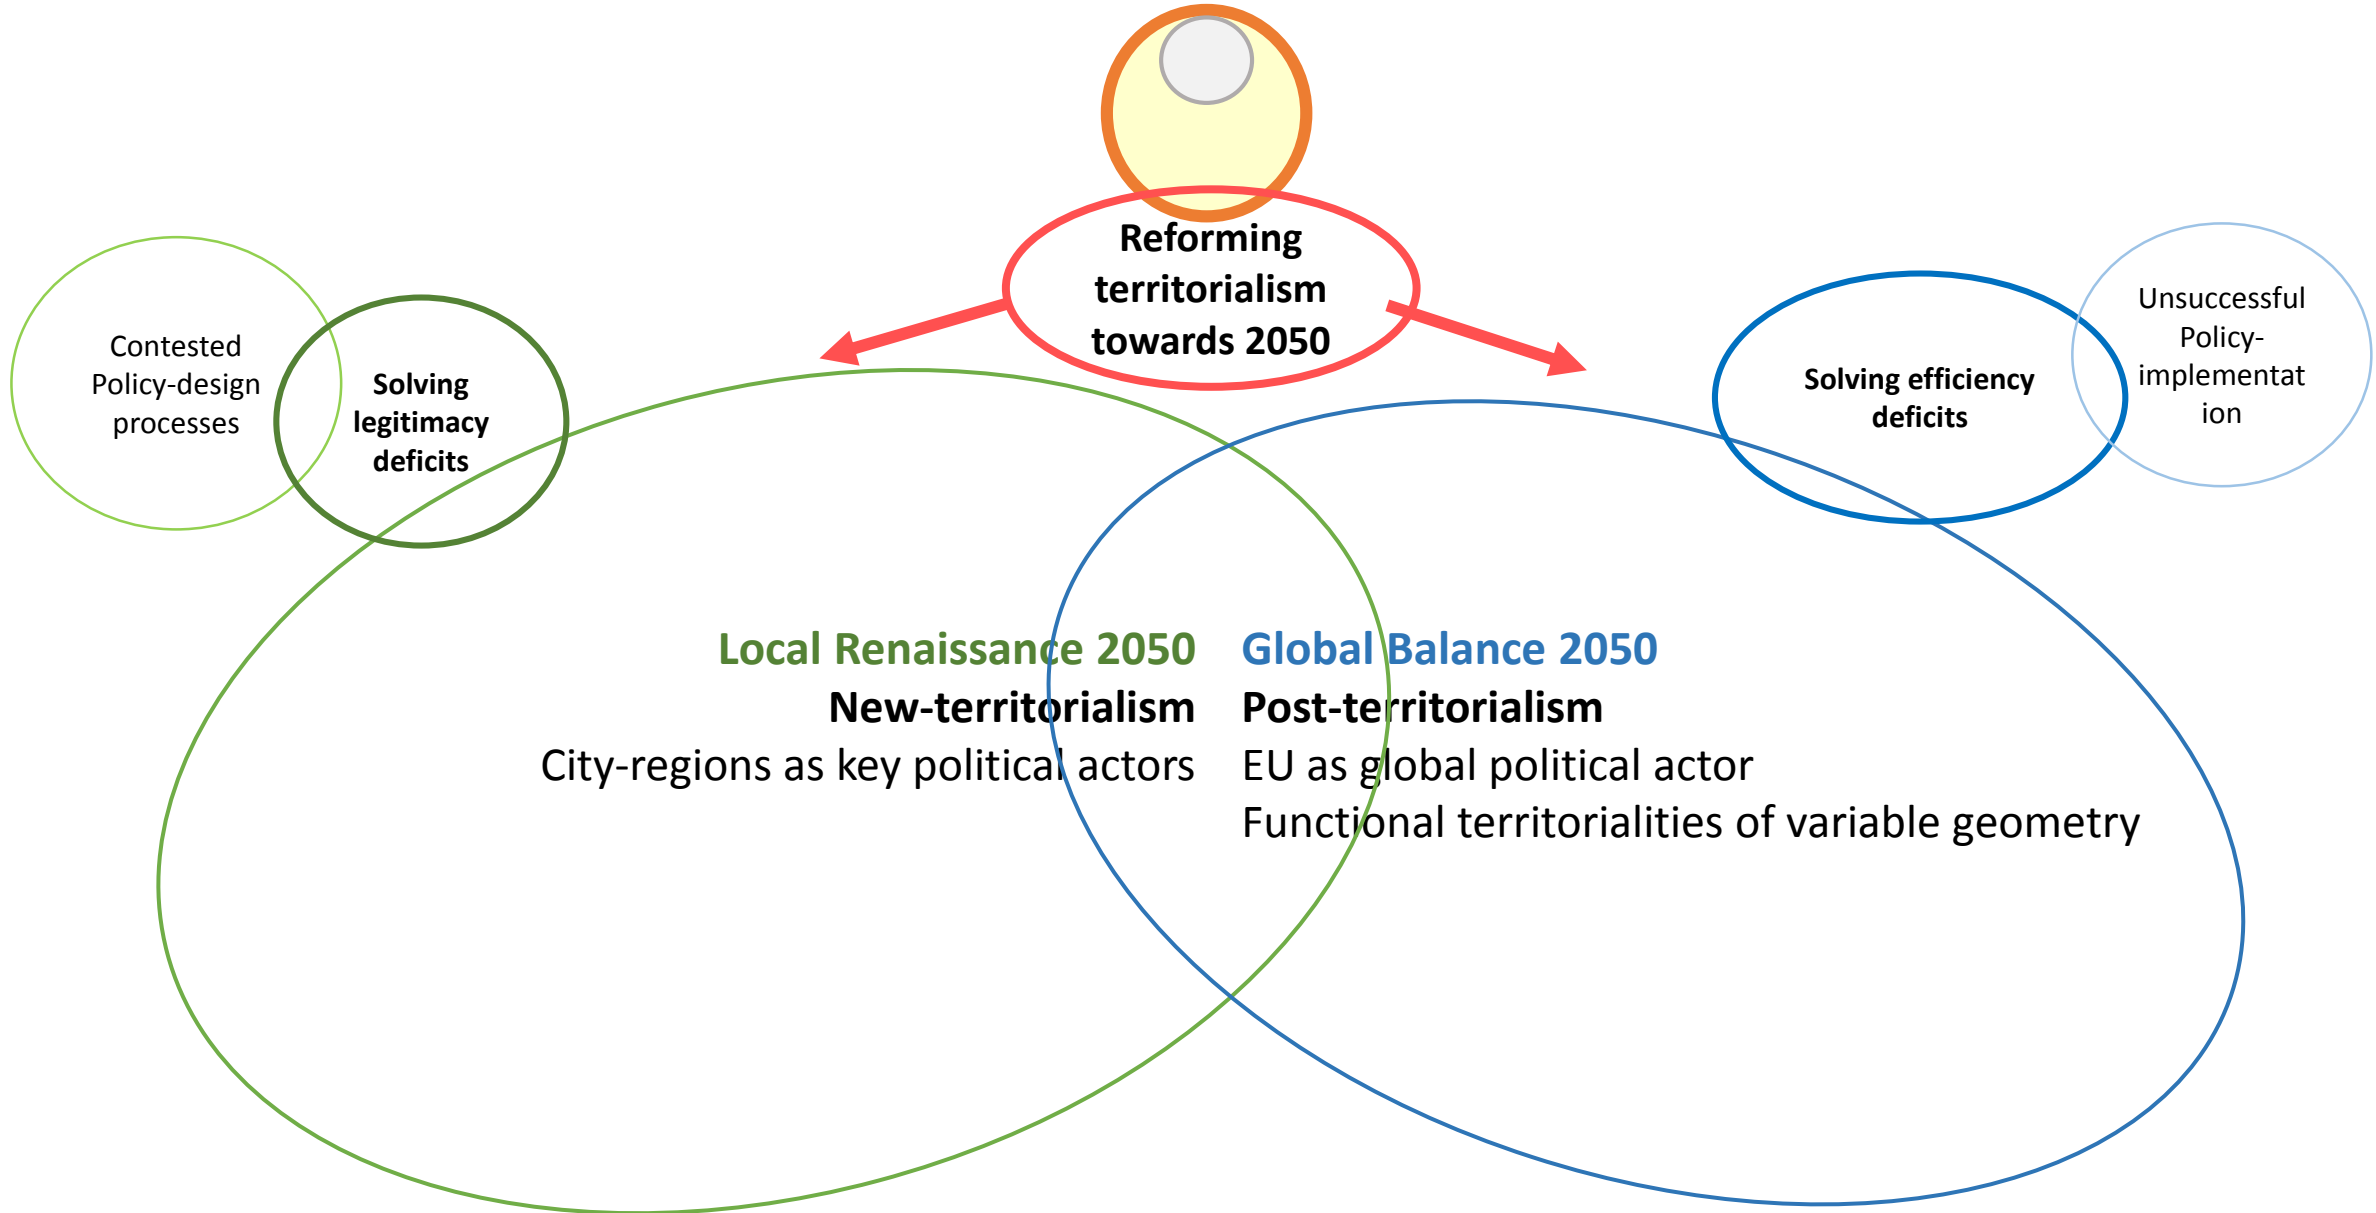

Approvisionnement en gaz – projets stratégiques / Gas supply – strategic projects

Terminal GNL / LNG terminal  
 Gazoducs maritimes (existants / envisagés) / Marine pipelines (existing / planned)

Espace de liaisons germano-polonais / German-Polish interaction area

Wille / City Nombre d'habitants / Population  
 BERLIN > 1.000.000  
 POZNAŃ > 400.000  
 SZCZECIN > 35.000  
 ROSTOCK > 100.000  
 Słubice < 35.000  
 BERLIN Capitale / Capital city

**Long-term Visions “Beyond territorialism”**
